TUSCARORA MINING REVIEW.

[Tuscarora Times Boview 16th]

Grand Prize.

The water in the main shaft has decreased so the pumps handle it easily, lunning 35 strokes less per minute than they were running a week ago. They are making very good healway in the crossent on the 5th station, and if no accident occurs it will cut the ledge inside of ten days. The east winz= below the 1th level is down over 70 feet nearly the entire distance in high grade ore. The bottom of west winze No. 1, 1) the bottom of west winze No 1, 1000 which was broken up a great deal, is 000 improving and some very fur ore is coming in again. In west winze No All transacut adsertisements must be paid 2 the ledge is narrow but good rapidly As soon as the timbers are ont of the other shaft, the engine will be removed to the new shaft Everything is going aheal all right and the prospects for the future are very promising. Grand Prize mill running ten stimps at present soon as the mortars are reset, the 20 stamps will be run agua Young America

North drift, west ledge of 300 foot level in about 25 feet from shaft, showing a streak of salphuret ore from three to four f et wide. The entire vain is from eight to mine feet in width. Assivs from the sulph aret er go as high as \$50 per ton di ft, cist ledge is in soft ledge inter three feet wide of quitz ind perphyry. Have let a contract to sink a winze 240 feet north of shaft | on the 200 feet level on the ext

Borgman, W., Investment Sur, a Scille ge and are now down 15 feet Are suking alongside the ledge Will cut into it at the depth of 30 feet Anticipite finling good ore n this winze as wo passed through some it this point in drifting noith baying but little witer to contend RENO with All lifes are running by con trict and the ore is being hauled to the mill as first as the bail state of the

> Shift down 90 f et and progressing Stringers of quartz have been cut during the past week upright double donkey engine and apputtenances for the mine was shipped from Sir. Francisco on the 12th and will arrive here during the coming week. Work on the Work on the coming week shaf house will be commenced Mon day and everything put in readiness for the machinery on its arrival

Mine looking will throughout I'no winzer are being sunk below the 150 foot level and are sixteen feet in depth with good ore at the bottom Northeast drift 250 foot level in 35 feet from shaft. No im pertunt developments to note in this

Det rees

Everything going whead as usual Starting drift south on 113 foot level All the other drifts on the variou levels are driving aheal rapidly with markel improvement in north dieft

Now's the Time,

The present is a propitious time for business men to make known their capabilities and inducements to the purchasing public, in attractive and appropriate advertisements. Spring is fairly at hand, and with the opening of agreeable weather and attendant J O Buringham, Maron L D Fullmer, M. Awanke commencement of all sorts of enterprises, the husbandman, housekeeper. wherewith to begin them. And in the majority of cases the newspapers are resorted to for the information they need. With the near approach of Spring, the near approach of Spring th of Spring, the competition for trade will be brisk and the most successful trader will prove to be he who uses plenty of printer's ink.

only, at the ante-room of the Acadis on "How to rise in the world," which is said to be very amusing. attend the lecture to night.

teresting meeting.

New Spring Goods.

The merchants of Reno are bound to maintain their well earned reputation of heavy dealers and liberal traders. Nowhere in the State can buyers find such large and well-assorted stocks of goods from which to make selections as at our first class houses, hence the people come here from long distances to trade and competition from the outside does us no i: jury.
